WHO WE ARE?

Makemeds pharma was incepted in the year 2019 with a mission to provide quality medicines in several therapeutic areas. The company is located at Nashik, Mumbai (India), and is working hard in the direction of serving people in their ill health. Owing to our quality medicines, our medicines have got a wide prescription base. We also ship our products to the USA.

Infrastructure: The company is empowered with a vast hygienic atmospheric lab and manufacturing unit spread over an area of 10,000-15,000 square meters, in Nashik that enable us to manufacture extremely effective Pharmaceutical Medicines which are clinically tested before dispatching. We have all the necessary amenities installed there to carry out a smooth production flow. We also have contract manufacturing facilities.

Quality Assurance: Being a quality driven company, we do not compromise with the quality, formula or content used in our medicines. We use time tested ingredients procured from the trusted manufacturing companies. These are well tested, examined and remarked by our quality examiners on the parameters of quality and effectiveness.
